Item description

Strain relief housing *WINSTA*® MINI 3-pole

The strain relief housing from the *WINSTA*® MINI product line guarantees you the maximum flexibility in electrical installation. With WAGO, you benefit from a large selection of expansions for the *WINSTA*® product line. *WINSTA*® MINI is our response to the trend toward miniaturisation. Our smallest pluggable connection system is primarily suited for lights, for instance, since as a result of LED technology; due to complex systems, these offer significantly less space for the connection technology. The strip length is 40 mm.

Push-in *CAGE CLAMP*® spring pressure connection technology – pluggable installation instead of laborious screw connections!

The *WINSTA*® Pluggable Connection System is perfectly tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and therefore more efficient, more reliable, and error-free. Use of this pre-assembled system decreases assembly times and installation errors at the construction site. Now you can also lower installation costs without compromising quality and safety: The *WINSTA*® MINI accessory reduces the need for servicing and prevents unnecessary downtime.

-
- easy tool-free operation, a wide range of coding options
- convenient installation and commissioning
