

AdaBot LunchBox

PRODUCT ID: 3437

Your eyes do not deceive you – this is *absolutely* an AdaBot lunchbox! Whether you're sporting this at school, work, Maker Faire, or jury duty, this beautiful, shiny blue lunchbox is guaranteed to turn some heads.

Fill it up with your favorite edible goodies – heck, fill it with your favorite *electronic* goodies if you want. From bananas to breadboards, jumper wires to jelly beans, and resistors to rugelach, pack this vivacious vessel with all the things you love.

We even sell this fine lunchbox with stuff already in it, as part of our Circuit Playground Express Advanced Pack - but this one is empty.
