

LED AUTO OR TRUCK LIFT KIT

Lasts 200,000 hours

1-Year Limited Warranty

No More Working in the Shadows

- Perfect for auto mechanics and car enthusiasts to work in a safe, well-lighted environment
- Hands-free lighting for your auto or truck lift
- Installs in less than 5 minutes with no tools in 3 easy steps

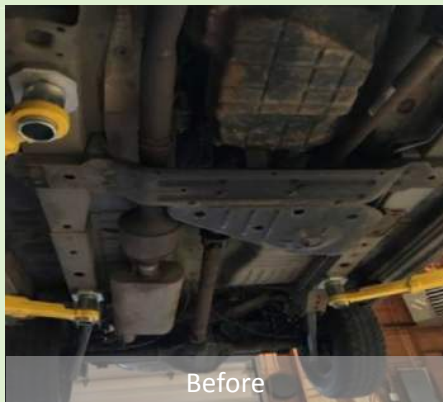

Model Number	Nominal Power LED	Strips Qty Listed	Ambient Lumens*	DLC reported Lm/w
LED Lift Kit	30W 30W	2 x 42" 2 x 21"	8800	147

Optilumen LED Auto or Truck Lift Kit removes the hassle of moving the trouble light around your work area.

Super simple installation in 3 easy steps: 1). Attached magnetically backed strips—the long strips on each of the columns and short strips on each of the arms. 2). Quick connect the wiring harnesses and install cover. 3). Plug in the drivers.

Clean up is easy too. You can remove the magnetic strips and power supply to remove debris from the lift.
