

## FLIR Ex Accessory Value Package

Model: 63900-VP

Includes the car charger, battery, pouch, wall charger, and FLIR VP50 voltage detector & light for use with FLIR Ex Series Cameras.

### *FLIR 63900-VP Offers*

Get the most out of your camera with this value bundle. This bundle is for the Ex Series FLIR Thermal Imagers.

#### **VP05 Non-Contact Voltage Detector Flashlight**

When taking measurements use the VP05 to confirm the presence of voltage to help determine the reason for temperature readings at outlets.

#### **T198530 Spare Battery**

Spend more time in the field with a spare battery. Know that you can spend the time to do the job right.

**T198531 Ex Series Battery Charger**

Make sure your battery is always charged and ready to go with the battery charger.

**T198532 USB Micro Car Charger**

When you're on the road you can charge your battery in a pinch with the car charger accessory.

**T198529 Pouch Carrying Case**

Keep your instrument safe with the Pouch Carrying Case. Includes a waist-belt attachment.

**ITC Online Application Course Package**

Get 4 introductory application courses that be available to you online for one year. This package includes:

- Introduction to Indoor Electrical Surveys using IR Thermography
