

PulseJack™ - Single port Ethernet over stacked 2x1 USB

Description:

RJ45/Dual USB Combo is a Through Hole (THT) Integrated Connector Module with a single RJ45 in combination with 2xUSB ports. The internal magnetics are designed to support 10/100 and 1000Base-TX applications such as LAN-on-Motherboard (LOM) and PC applications.

Features and Benefits:

- Ⓢ RJ45 connection meets CAT 6 standards
- Ⓢ USB module complies with USB 2.0/3.0 standards
- Ⓢ RoHS peak wave solder temperature rating 260°C

Electrical Performance Summary:

- Ⓢ Meets IEEE 802.3u/ab.af specification
- Ⓢ High performance for maximum EMI suppression
- Ⓢ Minimum 1500Vrms isolation per IEEE 802.3 requirement

Electrical Specifications @ 25°C - Operating Temperature 0°C to +70°C

PulseJack™ -Single port Ethernet over stacked 2x1 USB

USB/RJ45 Application Note

This line of Integrated Connector Modules are specifically designed for the implementation of a 10Base-T, 100Base-TX and 1000Base-TX transmission over data-grade unshielded twisted pair cable (UTP-3, 5/5e).

The connectors provide excellent EMI filtering and are suitable for Desktop PC, Embedded Systems and Multiport Applications. Pulse has worked closely with the leading IC manufacturers in

providing these 10/100/1000 solutions, thereby assuring compatibility with each transceiver. JW0, JD4 and JXD4 series meet the stringent open circuit inductance requirements of IEEE. When an 8mA DC current is applied across the transformer windings, the transformer will provide at least 350µH. The transformers used in each module also provide 1500Vrms minimum isolation, wide bandwidth with minimal attenuation and fast rise times to minimise system level jitter.

PCB Layout Recommendations:

1. For maximum EMI suppression (electromagnetic interference) place the decoupling capacitors adjacent to Vcc and 50W connections.
2. Connections to ground should be as short as possible.
3. Connections between the 10/100/1000 IC and the connector should be direct (ideally no change in direction) and of minimum length.
