LASER LINE BUBBLE LEVEL LBL100

The Klein Tools Laser Line Bubble Level projects a bright, crisp laser line and spot parallel to the base of the level up to 75 ft. (22.9 m). Three easy to read vials identify horizontal and cross at 0° level and vertical at 90°. The strong magnetic base attaches to ferromagnetic surfaces. The top features a V-groove to fit the contour of pipe and conduit. Included is a leveling base for manual leveling on uneven surfaces.

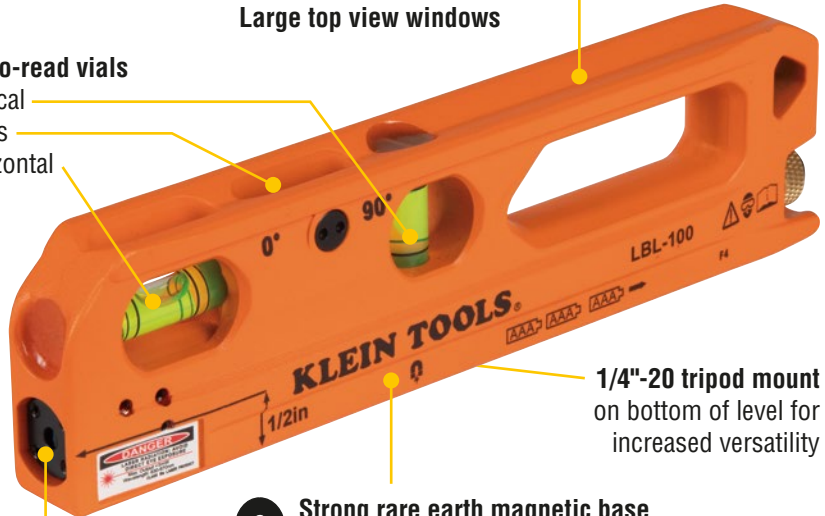

Large top view windows

V-Groove fits contour of pipe and conduit

Easy-to-read vials

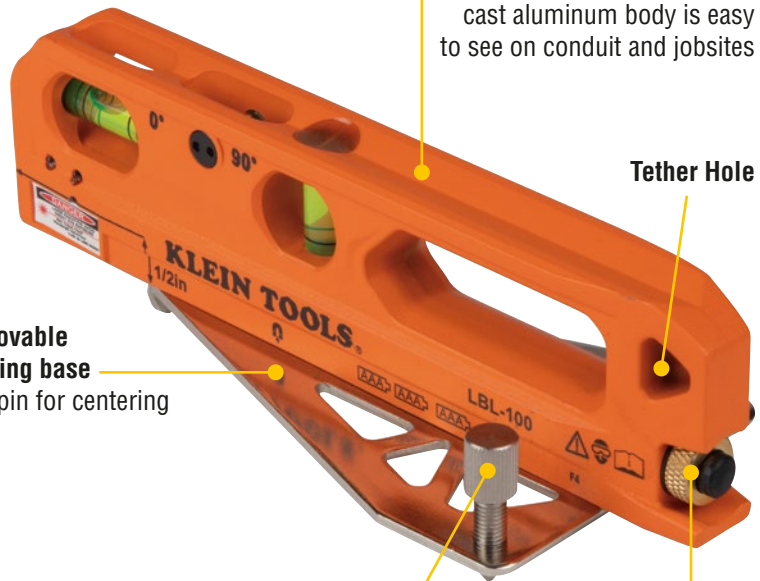

- Vertical
- Cross
- Horizontal
