

PRODUCT

Three spot humidity indicator card

Antistat's three spot humidity indicator cards (HIC's) provide a low-cost method of showing humidity conditions inside a moisture barrier bag after the contents have been vacuum packaged. The indicator spots on the cards change color from blue to pink as humidity increases and from pink to blue as humidity decreases. Our large range of humidity indicator cards offer superior protection, especially when used with desiccants and moisture barrier bags.

CONFIGURATIONS

- The number of indicator spots on the HIC varies, depending upon the range of humidity measured
- All our HICs are shipped in air-tight tins to prevent exposure to moisture

FEATURES

- Changes from blue to pink as humidity increases and back again as it decreases
- Constructed of a moisture-sensitive blotting paper
- Complies with JEDEC standards

| PRODUCT CODE | DESCRIPTION | SIZE (inch) | % RH | QUANTITY (per tin) |
|--------------|-------------------------------------|-------------|------------|--------------------|
| 309-0069 | Three spot humidity indicator cards | 2 x 3 | 5, 10, 60 | 125 |
