

# Anti-Static Project Tray

Item code: IF145-257-1

## Product Details

### DESCRIPTION

#### Organize and Store Your Projects

- Invaluable for all electronics projects and repairs.
- Store tiny components and screws in the 20 small compartments, store large components and tools in the larger compartments.
- Made from Anti-Static Plastic, so it's safe for delicate components.
- Use in conjunction with our [screwmaps](#) for repairs on our most popular smartphone guides.

*Great for phone repair! Put your standard size smartphone in the side compartment, store your tools in the bottom compartment, and organize your screws and parts in the small compartments.*
