### TRIPP-LITE

### 8 10/100/1000Mbps Port Gigabit L2 Web-Smart Managed Switch, 2 Dedicated Gigabit SFP Slots, 20 Gbps, Web Interface

#### MODEL NUMBER: NGS8C2

Fully managed 8-port web-smart Gigabit network switch with dual SFP slots in a 1U rack-mount/desktop unit. Ideal for monitoring and controlling a LAN in a small-to-medium distributed network.

#### Description

The energy-efficient NGS8C2 8-Port Gigabit L2 Web-Smart Managed Network Switch features eight twisted-pair RJ45 Gigabit Ethernet ports that support auto-negotiable 10/100/1000 Mbps and auto MDI/MDIX cross-over detection functions for convenient plug-and-play capability. Two dedicated mini-GBIC SFP ports are also included for uplinking data to other switches via optical fiber or copper. Easy-to-read LEDs indicate connection and activity status for each port. Built-in web-smart management software lets you monitor and control each connected device via secure web-based interface. Each port supports up to 2 Gbps with full duplex.

The heavy-duty metal housing mounts into 1U of an EIA-standard 19-inch rack using the included brackets and user-supplied hardware. Or attach the included rubber feet to the bottom of the unit for installation on a flat desktop surface. The five-foot input cord with NEMA 5-15P plug connects to a protected UPS, generator or mains input AC source.

#### Features

**Enterprise Managed Network Switch**8 twisted-pair RJ45 Gigabit Ethernet portsAuto-negotiable 10/100/1000 MbpsAutomatic MDI/MDIX cross-over detection20 Gbps switching capacity (2 Gbps per port with full duplex)Easy-to-read LEDs indicate connection and activity status for each portSupports 9k jumbo framesSupports MAC address auto-learning and auto-aging up to 8,000 addressesAdvanced Enterprise-level and L2 management features

Built-In Web-Smart Management Software Monitors and controls connected equipment via simple Web interfaceVLAN, trunking, VPN, port monitoring and other features improve network efficiency and performance

**Dual Dedicated Mini-GBIC SFP Ports**Connect to Mini-GBIC SFP modules for uplinking to other switches via optical fiber or copperLEDs indicate interface traffic

**Compliant with Energy Efficient Ethernet standards**Automatically shifts unused ports to low power state without interrupting network connectionMeets IEEE 802.3ab, 802.3i, 802.3u, 802.3x, 802.3, 802.1q, 802.1d, 802.1w and 802.3ad standards

Versatile Installation OptionsFanless metal housing mounts in 1U of EIA-standard 19 in. racksSupports

#### Highlights

- IP-MAC-Port-Binding, ACL, Storm Control
- Port Security, DHCP Snooping, 802.1x, L2
- Web-Smart management interface, SNMP, RMON features
- Enterprise-level, security and layer 2 management
- Cost-effective form factor for small and medium businesses

#### Package Includes

- NGS8C2 8-Port Gigabit L2 Web-Smart Managed Network Switch
- Detachable AC power cord w/NEMA 5-15P plug, 5 ft.
- (2) Rack-mounting brackets
- (8) Screws
- (4) Rubber feet
- Owner's manual

desktop installation using included rubber feet on flat surface5 ft. power cord with NEMA 5-15P plug connects to compatible AC power source

#### Works with the Most Popular Web Browsers

The NGS8C2 is browser-based and works independently from the connected computer's operating system. Because switch compatibility is based on common hardware standards, rather than system software dependencies, the NGS8C2 accommodates most platforms. Preferred web browsers include Google Chrome (on both Windows and macOS) and Microsoft Edge (Windows only).

### **Specifications**

| OVERVIEW                             |  |  |
|--------------------------------------|--|--|
| UPC Code                             | 037332194824   |  |
| Product Type                         | Managed Switch   |  |
| INPUT                                |  |  |
| Input Phase                          | Single-Phase   |  |
| Electrical Consumption (Max)         | 80W  |  |
| Input Plug Features                  | Detachable NEMA 5-15P to C13 input plug can be replaced with a wide variety of 100 to 240V international cordsets that terminate to a C13 connector on the output side                                 |  |
| Voltage Compatibility (VAC)          | 100-240  |  |
| Input Plug Type                      | NEMA 5-15P   |  |
| Input Cord Length (ft.)              | 5  |  |
| Input Cord Length (m)                | 1.52   |  |
| POWER                                |  |  |
