***Carry fewer tools with this versatile  
multi-length, double-ended screwdriver***

**⚠ DANGER**  
HAZARD OF  
ELECTRIC  
SHOCK,  
EXPLOSION  
OR ARC FLASH

- Apply appropriate personal protective equipment (PPE) and follow safe electrical work practices.
- See NFPA 70E.
- This equipment must be installed and serviced only by qualified electricians.
- Never operate switch with door open.
- Turn off switch before removing or making load connections.
- Always use a properly rated voltage surge protector at all times and load side fuse ring to load side switch in off position.
- Turn off power supplying switch before doing any other work on or inside switch.
- Do not use insulating mat when in load position.

Failure to follow these instructions will result in death or serious injury.
