The WINSTA® Pluggable Connection System is ideally tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and therefore faster, even more reliable, and error-free. Use of this pre-assembled system decreases assembly times and errors during installation at the construction site. Choose durability and quality – the WINSTA® MIDI accessory with protection against mismatching from WAGO makes the installation of electrical components substantially easier.

- 
- for automation controllers
- rapid, structured electrical installation
