

Black Relegendable Plastic Keycaps for MX Compatible Switches – 10 pack

Product ID: 5662

Description

Get ready to customize your keeb with a 10-pack of two-part black plastic keycaps for your next mechanical keyboard or NeoKey project.

Each keycap comes with a black base and a clear cover piece. You can easily remove the clear cover to put a sticker or slip of paper underneath to make a custom keycap label. Snap 'em onto any Cherry MX or compatible switch

The keycaps are symmetric all four ways; while not technically labeled as "DSA," they seem to be about the same size as DSA caps – but with flat tops.

Note: This product is *just* a pack of 10 keycaps. Key switches are not included!

We also carry these keycaps in off-white.
