

Ultra Precision SMT Resistor (Molded, J-Lead Terminal)

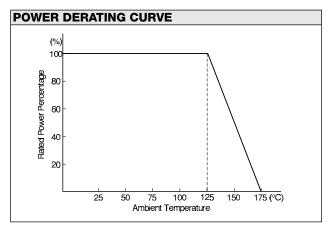

COMPOSITION OF TYPE NUMBER							
MQ 10K00 L	Tape & Reel Package Required Resistance Value Type						

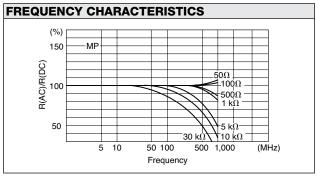

Resistance value, in ohm, is expressed by a series of five characters, four of which represent significant digits. R or K is a dual-purpose letter that designates both the value range (R for ohmic; K for kilo-ohm) and the location of the decimal point.

PRECAUTION IN USING FACE-BONDED CHIP RESISTORS

Storage conditions or environment may adversely affect solderability of the exterior terminals. Do not store in high temperature and humidity. The recommended storage environment is lower than 40°C, has less than 70% RH humidity and is free from harmful gases such as sulphur and chlorine.

2. Caution in Soldering

Hand Soldering

Hand soldering is applicable as shown at right. Recommended

- Temp. of iron tip: 240°C to 270°C
- Power of iron: 20W or less
- · Diameter of tip: dia. 3 mm max. Solder Reflow in Furnace Recommended
- Peak temperature: 250+0/-5°C
- Holding time: 10 sec. max.
- To cool gradually at room temperature
- Opping in Solder (Wave or Still)
 - Recommended
 - Temp. of solder: 260°C max
 - Length of dipping: 10 seconds
 - To cool gradually at room temperature

Other

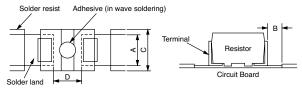

Corrosion-free flux, such as rosin, is recommended. Do not apply pressure to the molded housing immediately after soldering.

3. Cleaning

Use volatile cleaner such as methylalcohol or propyl alcohol.

4. Circuit Board Design

The dimensions of solder land must be determined in conformity with the size of resistors and with the soldering method. They are also subject to the mounting machine and the material of the substrate. See example below.

Type	A	В	С	D
MP	104-00	0.5 to 1.5	2.2 to 2.6	1.8
MQ	1.6 to 2.0			2.5
				Dimensions in mm

When parts are mounted on a board in high density, solder can possibly attach to the resistors in an excessive amount to affect performance or reliability of the resistors. To prevent this effect, the use of solder resist is recommended to isolate solder lands.
