Polyester Splicing Tape

TC987

General Description

TC987 is constructed of a 2 mil polyester film coated with a top-side release that provides continuous easy surface release through the spliced area. This product offers excellent quick stick and good adhesion to a variety of substrates.

Application

- Splicing

Technical Data

TECHNICAL PROPERTIES	
Total Thickness	3.4mil
Adhesive	Silicone
Peel Adhesion	40Oz/In
Temperature Resistance	-40 to + 400 F
Colors Available	Red & BLue

NOTE:

1. When applying pressure sensitive adhesive films to any surface, be sure that the surface is free from oil or other surface contaminants such as powder, dust, or release agents. Adhesive performance should be carefully checked when used on substrates containing plasticizers.
2. Shelf life is one year from date of shipment when stored in a cool dry place below 76° F (24°C). Rolls should be stored on end.
3. The above values are "Typical Values" which have a nominal range about them and are not intended for specification purposes.
