SKU:OKY3154

Name:Standard Passive Speaker Buzzer Module For Arduino

Specifications:

1. Color: Black
2. Weight: 4g
3. Working voltage:3.5-5.5V
4. Working current:<25mA
5. PCB Dimension: 18.5mm x 15mm(LxW)
6. Condition: brand new
7. Quality: high quality
8. Type: buzzer

Feature:

- 1.No oscillation source, need square wave (frequency 2K-5K) to drive.
- 2.Sound frequency control, you can make a "do re mi fa sol la si" effect.

Package List: 1 * Standard Passive Speaker Buzzer Module
