

## Machine Tool **LED** Task Light w/ Magnetic Base & 18" Flexible Arm

### Magnetic base allows versatile mounting options for ideal illumination

This LED machine tool task light is ideal for lathes, grinders, presses, assembly, inspection, and many other uses in the shop. It has a durable metal shade with a black finish. The LED element offer significant increase in intensity over that of a standard 20 watt halogen bulb, while using close to 70% less energy. The metal shade also stays cool to touch and the LEDs have a minimum of 20,000 hours of high-output life. The 18" (457mm) flexible arm holds firmly for precise positioning and the magnetic base allows you to securely mount the task light to most metal surfaces. Comes with an 5 foot (152cm) power cord.
