

## TECHNICAL DATA SHEET

Part#: 212C-H

---

Brushes - ESD Safe - Straight - ★★★ - SS Handle/Horse Hair Bristles

The 212C-H three star ESD safe ( $10^8$ - $10^{11}$  ohms/sq) brush is heat-resistant to 370°F. It features stainless steel handles and horse hair bristles which are mechanically clamped into the handle for maximum fiber retention. The overall length is 4.75".

- Precision Level            ★★★
- Material                    SS Handle/Horse Hair Bristles
- Surface Resistivity         $10^8$ - $10^{11}$  ohms/sq
- Shape                        Straight
- Group                        Brushes
- Angle                        n/a
- Body Width                0.32" (8mm)
- Body Height                0.32" (8mm)
- OAL                          4.75" (118.75mm)
- Weight (OZ)                1.2
- UPC                          662847005121
- Schedule B                 9603.90.99.00
- ECCN                        EAR99
- UNSPSC Code
- Country of Origin        USA
