

DREMEL®

3000-2/28 Variable-Speed Tool Kit

Model # 3000-2/28

Product Specifications

The Dremel 3000 Series variable-speed rotary tool kit gives DIY-ers everything they need to tackle projects around the house. It includes our most popular rotary tool, which boasts a range of user-requested features that improve the tool's design and ergonomics. Just a few of the improvements include the EZ Twist™ nose cap with an integrated wrench that allows the nose cap to be used as a wrench to tighten accessories, and a more efficient fan design and side vents provide a cooler-running tool that's comfortable for extended periods of use. In addition, the 3000 Series tool features a symmetrical design and a trumpet-shaped nose cap to help facilitate a pencil-grip tool hold. It's also compatible with all existing Dremel rotary tool accessories and most attachments, so you can use the 3000 in a wide range of applications, including cutting, grinding, sanding, carving and polishing.

- EZ Twist™ nose cap with wrench for fast accessory changes
- Variable speed from 5,000 to 35,000 RPM
- Can be used with all Dremel rotary tool accessories and most attachments
- Cool-running ball bearing construction for smooth and quiet operation
- Replaceable motor brushes extend tool life
