

# Cyclops HDMI Digital Microscope

with Ultra-Glide Arm Stand

HDMI Output  
1080p Signal

High  
Magnification  
Up to 132x

Ultra-Glide Arm  
Stand  
23in Arm

## Effortlessly Inspect Large Objects

Aven's Ultra-Glide Arm Stand System is ideal for inspecting parts over a large surface area. The ultra-glide arm stand provides smooth motion along its 23in length, allowing for easy scanning. This system features Aven's Cyclops HDMI Digital Microscope with built-in HDMI output capabilities, providing crystal-clear 1080p images directly to the monitor, no computer required. A large working distance and 30 LEDs allow examination of sizable objects. Magnification ranges up to 132x. This system comes complete with Aven's 22" LCD Monitor.

### CYCLOPS HDMI DIGITAL MICROSCOPE WITH ULTRA GLIDE BOOM STAND

| SKU               | ITEM NAME  | BASE DIMENSIONS | ARM LENGTH | MAGNIFICATION |
