Item description

Shield termination *WINSTA*® MINI 3-pole

The shield termination from the *WINSTA*® MINI product line guarantees you the maximum flexibility in electrical installation. With WAGO, you benefit from a large selection of expansions for the *WINSTA*® product line. Thanks to its particularly small dimensions, our *WINSTA*® MINI Pluggable Connection System with Push-in CAGE CLAMP® spring pressure connection technology is specifically suitable in very restricted spaces, i.e., for installations when very little room is available.

WINSTA® MINI solutions for your electrical installation – maintenance-free

WINSTA® is the pluggable connection system that is optimally tailored to the strict requirements of electrical installation. It allows fast, secure and, above all, error-free installation of components and cables. Now you can also cut installation costs without compromising safety and quality: The *WINSTA*® MINI accessory reduces the need for servicing and prevents unnecessary downtime.

- consistent IP40 protection
- quick replacement of defective units during ongoing operation
