

Model ADP1375FXSM

Portable Communications Antenna

Key Features

Monopole and dipole designs Excellent mechanical integrity and electrical performance Ruggedized construction for field durability Custom frequencies available Spring base and / or Fiberglass radome FX-Fixed Connector / SM-SMA Male Connector

Electrical Specifications	ADP1375FXSM
Frequency Range, MHz	1340-1390 MHz
Impedance	50 ohm nominal
VSWR	<2.0:1
Gain	2dBi
Polarization	Vertical

Mechanical Specifications	ADP1375FXSM
Connector Style	SMA Male
Material	Brass, Polyolefin Adhesive Lined
Operation Temp.	-20c to +65c
Storage Temp.	-30c to +75c
