

Fusion for PIC v8 with PIC18F97J94

PID: MIKROE-4548

Fusion for PIC v8 is packed in the protective box along with the relevant documentation. This box is very resistant to all kinds of damage and shock.

WORLD'S FIRST DEBUGGER OVER WiFi

On-board Debugging and programming over WiFi

Access anywhere, under any circumstances at anytime

Redefine technical support

ON-BOARD CODEGRIP DEBUGGER

Free on-board debugger & programmer over USB-C

CODEGRIP Suite

Plug and play

NEW MCU CARD STANDARD

Intuitively designed socket

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
 ISO 14001: 2015 certification of environmental management system.
 OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).

Freedom of choice

Multi-vendor support

NEW DISPLAY BOARD STANDARD

Display board connector

Screen technology

Screen sizes

IDEAL FOR RAPID PROTOTYPING

Improved mikroBUS™ sockets

Ready-to-use Click boards™

Endless modularity

FIRST CLASS POWER SUPPLY

State of the art power supply

Uninterruptable power supply

Programmable voltage output

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
ISO 14001: 2015 certification of environmental management system.
OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).

Specifications

Type	8th Generation
Architecture	dsPIC/PIC24 (16-bit),PIC (8-bit),PIC32 (32-bit)
Programming	USB,WiFi
Silicon Vendor	Microchip
MCU Socket	MCU card 8th gen
mikroBUS No.	5
Supply Voltage	Battery, USB,External
Category	8th Generation

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
 ISO 14001: 2015 certification of environmental management system.
 OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).
