

TOTE HEATERS & DEF TOTE HEATERS

Powerblanket® Tote Heaters maintain optimal heating conditions for temperature sensitive materials.

Here's How

- Distribute heat evenly
- Designed to be durable and weather resistant
- Provide easy access with a removable top
- Include an adjustable thermostatic controller
- Safely heat and protect a wide variety of chemicals and materials

Powerblanket® DEF Tote Heaters are temperature specific for the Diesel Exhaust Fluid to protect from freezing and maintain optimal temperatures.

- Fully enclose and heat the tote and pump housing unit
- Feature an easy access flap to the pump
- Include internal thermostat to carefully regulate product temperature
- Customized DEF bulk storage tanks available upon request

"Upon the implementation of using our new DEF system to stay compliant with EPA regulations, Powerblanket provided an effective and energy efficient freeze protection system with its DEF Tote Heater System. We installed the unit and forgot about it, knowing our product is being protected, which gives us peace of mind."
 — Jerri Brumfield
