

Heat Sink Experiment Kit

The Heat Sink Experiment gives students a chance to gain practical experience with theories about heat transfer. This bundle contains everything you need for approximately 5–10 students to get started on the Heat Sink Experiment. You'll need one Precision Fixturing and Toe Clamp Set per machine.

Contents:

- Precision Fixturing and Toe Clamp Set (1)
- Aluminum, 4"x4"x0.25" (2)
- Flat end Mill, 1/16" (5)

Included in the Precision Fixturing and Toe Clamp Set:

- Tall Alignment Bracket (1)
- Toe clamp, bottom (2)
- Toe clamp, top (2)
- Hex keys (2.5 mm, 3 mm, 4 mm)
- All necessary fasteners
