

## P/N T-90 DIP Extractor Tool

### FEATURES

- An extremely handy, economical tool for removing ICs from DIP sockets.
- Reduces the risk of pin damage associated with stubborn IC removal as well as finger injury.

**CUSTOMIZATION:** In addition to the standard products shown on this page, Aries specializes in custom design and production. Special materials, platings, sizes, and configurations can be furnished, depending on the quantity. **NOTE:** Aries reserves the right to change product general specifications without notice.

## P/N T-516AS DIP-R-SIZER™ Tool

### FEATURES

- The DIP-R-SIZER™ tool straightens DIP IC legs on 0.300 [7.62] or 0.600 [15.24] centers with one easy squeeze.
- Place 0.300 [7.62] center ICs in one side of tool, 0.600 [15.24] center ICs in the other and just squeeze the handles together.
- Brings leads into tolerance – 0.320 [8.12] or 0.620 [15.74]
- The T-561AS tool is constructed from anti-static plastic.
