

OLED Rocker Accessories

NKK provides all the accessories needed for easy prototyping with the OLED Rocker SmartSwitch **IS18WWC1W**. Engineers do not have to shop around for matching cables, connectors and charge pumps.

All items below can be purchased separately from the same source to accommodate customers' needs.

Part Number	Description
<p>AT715</p>	 <p>50cm Connector Cable with (2) JST 12SUR-32S Connectors</p>
<p>AT715-12</p>	 <p>12" Connector Cable with (2) JST 12SUR-32S Connectors</p>
<p>AT715-6</p>	 <p>6" Connector Cable with (2) JST 12SUR-32S Connectors</p>
<p>IS-CHPMP</p>	 <p>Charge Pump Voltage Booster Input: 2.7~5.5V Output: 1.6V Meets all OLED power requirements</p>
<p>AT097</p>	 <p>PCB Connector Female SMT Connector JST BM12B-SURS</p> <p>This is a JST part. For your convenience NKK has stocked a large quantity of this product since the manufacturer does not sell it in small quantities.</p>
