

BU-P5250

(Small Outline Integrated Circuit Test Clip)

- The BU-P5250 is designed for in-circuit testing on small Outline Integrated Circuits. It also assures a positive connection to all leads and provides hands free testing.
- Overall Length of 1.73" (43.94mm), Large ID width of 0.43" (10.92mm), and Small ID width of 0.26" (6.6mm).
- The 0.025" sq. pins are spaced at 0.1" and are perfect for pin receptacles, wire-wrap, or jumper leads.
- Fit chips body width from 0.15" to 0.35" wide.
- Number of pins: 8
- Material: Gold plated
- RoHS 2 Compliant
