**400nA Ultra-Low Quiescent, 0.8A, PWM/PFM Step-up DC/DC Converters**

## **CAUTION**

### **ENGINEERING EVALUATION PURPOSES ONLY**

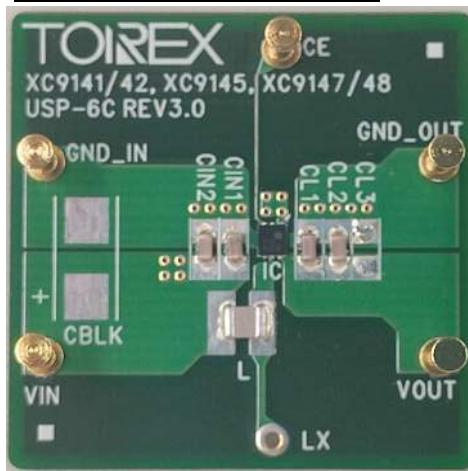

This evaluation board is made for the purpose of the product evaluation.  
It is strictly prohibited to use this evaluation board for any other purpose.

Torex Semiconductor does not guarantee that all samples will perform in  
exactly the same way and we recommend that you always consult our  
product data sheets for the minimum and maximum specifications.

It is also important that you evaluate all our products carefully before mass
