

KS63-M10-PF

Ruland KS63-M10-PF, Star Knob, 63mm Knob Diameter, M10 tapped hole,
Plastic Knob, Zinc Plated Steel Insert

Description

Ruland KS63-M10-PF is a star knob with a 63 mm knob diameter, and M10 tapped hole. This star knob is used to quickly adjust conveyor guide rails, screens, sensors, and other industrial components without tools. It mates to hardware with M10 threading. The knob is made of shock-resistant technopolymer plastic with a matte black finish and the insert is made from zinc plated steel. This combination makes them a good fit for most industrial applications. The grooves of the star-shaped knob offer an ergonomical grip, making it easy to tighten and loosen as needed. It is ideal for confined spaces due to its small dimensions and tool-free operation. KS63-M10-PF is manufactured by Otto Ganter, inventoried by Ruland, and RoHS3 compliant.
