

HARD HAT EARMUFFS

26*
NRR

Earmuffs designed for use with Klein Tools'

- Full Brim Hard Hats
- Cap Style Hard Hats
- Safety Helmets

KLEIN TOOLS®

EARMUFFS

Klein Tools commitment to jobsite safety grows with the introduction of Hard Hat Ear-muffs, specifically designed to fit Klein's Full Brim Hard Hats, Cap Style Hard Hats and Safety Helmets. These earmuffs easily install via the universal side slots. Both models (Cat. No 60502 for Full Brim and 60532 for Cap Style and Safety Helmet) feature soft foam cushions for acoustic seal and all-day comfort. The Full Brim Hard Hat Earmuffs offer an NRR rating of 26 decibels. The Cap Style Hard Hat Earmuffs offer an NRR rating of 27 decibels* when paired with the Klein Tools Cap Style Hard Hat and 26 decibels when paired with the Klein Tools Safety Helmet. Designed with pivot positions on the earmuff connectors for in-use, stand-by and storage positions, and easily adjustable wire arms to customize the fit.

PIVOT POINTS ON EARMUFF CONNECTORS FOR IN-USE, STAND-BY, AND STORAGE POSITIONS

Spacious interior for ear comfort

Soft foam cushions for effective acoustic seal

26*
NRR

Earmuff connectors designed for easy installation and ability to work with other Klein hard hat accessories
