

## USB-C to HDMI Adapter with PD Charging, HDCP, Black

MODEL NUMBER: **U444-06N-H4B-C**

USB 3.2 Gen 1 to HDMI adapter adds HDMI and USB-C PD ports to your laptop, MacBook or other compatible device.

### Features

**USB-C to HDMI Adapter Connects to Your Device's USB-C or Thunderbolt 3 Port** This USB 3.2 Gen 1 to HDMI adapter helps you transmit video from your tablet, laptop, Chromebook, MacBook, smartphone or PC to an HDMI-enabled television, monitor or projector. It's ideal for transmitting digital audio and 4K video to a large display, as well as powering and charging a PD Charging-compliant mobile device. **Supports USB DisplayPort Alternate Mode for Transmitting Video Signals**

With a source device that also supports USB DisplayPort Alt Mode, you can extend video from your primary display to another, duplicate the same video on both displays, or change the second display to your primary.

**Transmits Crystal-Clear 4K HDMI Video and Digital Audio** To send digital audio and Ultra High Definition video to a 4K-ready HDMI television, projector or monitor, connect the HDMI port to the display using an HDMI cable (sold separately). The HDMI port supports UHD video resolutions up to 3840 x 2160 (4K) at 30 Hz. The adapter is backward compatible with non-4K displays.

**Charges the Connected Laptop, Smartphone or Other Device** The USB-C Power Delivery (PD) port provides power and charging to the PD Charging-compliant device (such as a MacBook, Chromebook or Android smartphone) the adapter is connected to. Connect the device's AC wall charger to the adapter's USB-C PD port, which supports power input up to 20V/3A (60W). **Note:** USB-C PD port does not support Quick Charge (QC).

**Built-In USB-C Cable Connects in Either Direction** Connect the reversible USB-C plug to your source device's USB-C or Thunderbolt 3 port. The fumble-free USB-C plug connects in either direction to ensure fast, easy connection every time.

**Ready to Use Right Out of the Package** The plug-and-play USB 3.2 to HDMI adapter requires no software, drivers or external power. It's smaller than a credit card, making it easy to carry in a pocket, briefcase or laptop bag for connecting on the go.

**3-Year Warranty and Environmentally Responsible Design** The U444-06N-H4B-C comes with a 3-year warranty. It's manufactured in compliance with strict RoHS specifications, reflecting Tripp Lite's commitment to environmental responsibility.
