

AI-000422**(Grounding Cable, BU-118)**

- The AI-000422 is a grounding cable that uses two BU-118 clips at each end. The clips have smooth jaws to prevent damage and to allow rapid removal. Typically used in plastic painting applications.
- Jaws open to maximum of 0.3" (7.6mm). The flat nose of the jaws are parallel with each other at a distance of 0.11" (2.8mm).
- Constructed with an 18" (46cm) length of 3/64" (1.2mm) 304 stainless-steel wire rope (other lengths available upon request).
- Material: Clip 304 stainless-steel
- RoHS 3 compliant
