HT30 BASIC HAND TOOL

FRONT VIEW SIDE VIEW BACK VIEW

Eigenschaften / Features

Ausgerichtet auf die industrielle Anwendung können mit unterschiedlichen Crimp-Sets Querschnittsbereiche von 0,03 bis 16mm² präzise verarbeitet werden. Das Doppelführungssystem garantiert eine gleichmäßige Schließkraft und präzise verwindungssteife Führung in allen Profilen und ermöglicht so die Einhaltung kleinster Toleranzen.

These crimp tools are especially developed for industrial applications to precisely crimp cross-sections from 0,03mm² (AWG 32) to 16mm² (AWG 5) using different die sets. The double-guidance-system guarantees an even closing force and precise twist resistant guidance for every profile and thus ensures the compliance to the smallest tolerances.

Abmessungen / Dimension

Länge/Length: 220 mm
Breite/Width: 80 mm

Bedienungsanleitung / Operating instructions

412-94343 / TE PN 6-744017-0
