

1599T

IP54

Sloping Console

Short slope shown in black. Long slope shown in gray.

Key Features

- Rear of units contain one or two (depending on console size), flat removeable panels for easy modifications.
- Standard versions are molded from flame retardant ABS plastic (material carries a UL flammability rating of 94V-0).
- Economy version is molded from general purpose (not flame retardant) ABS plastic.

Sloping Console

Models come with one or two removable end panels depending on size.

Standard models use machine screws into brass bushings. Economy models use self tapping screws.
