# TDK - EMC Components - Part No: ACM1513-551-2PL-TLHF Characteristics

# ACM1513-551-2PL-TLHF

## **Common Mode Filter for Power Line**

Category: EMC Components

Sub Category: Common Mode Choke Coils / Filters

TDK Series Name: ACM Series

Application:

Used for power line noise suppression for any electronic devices. Used to counter adapter/battery line noise for relatively large electronic devices such as notebook PCs, stand-alone word processors, etc.

Function:

Height and size have been considered, resulting in a compact and lightweight choke coil. Applicable for the miniaturization required to reduce the size and weight of portable equipment.

Description:

A chip-type common mode filter for large current applications.
