

20-pack PC CPU/Case Fan Rubber Mounting Screws
(43mm)
SCW-20RB43

Product Overview

Micro Connectors Fan Rubber Mounting Screws are Noise Anti-vibration.

Made of high quality silicone rubber, great flexibility, ultra-soft, aging resistant, and a long service time to use, can be used in high temperature.

Replace box fan fixing screw, reduce box resonance caused by fan vibration.

Reduce noise of fan and shock absorption between the fan and the PC case.

Universal-Design fit most open cases fan sizes and PC cases.

Extremely convenient and quick for mounting and unmounting.
