

AST-118 Close-Up

AST-10 Close-Up

The **AST-118** and **AST-10** are designed to gain mid span access by slitting open jacketed and jacket & armored fiber optic cables. The tools have an adjustable depth precision made blade that will cut through the toughest material while insuring no damage to the fibers. The tools can be set for Longitudinal cuts as well as radial cuts. Replacement blade: **AST-RB**
