

Jauch Portable and Foldable Solar Panel with 200W

Solar Panel JSP200

KEY FEATURES JSP200

- Perfect for use while on the move
- Provides up to 200 watts of solar to keep your Jauch power banks and power station charged
- Maximum compatibility through DC, USB and USB-C outputs
- USB QC3.0 output for maximum charging speed
- High quality cells with an efficiency of 22%
- The Monocrystalline solar panels can be folded and easily transported
- Made of robust, water proof and tear-resistant material
- Including three adapters and connection cable

SPECIFICATIONS

Solar Type	Monocrystalline
Outputs	1x DC: 18V/11.1A Max. 1x USB QC3.0: 5V/3A, 9V/2.5A, 12V/2A Max. 1x USB-C: 5V/3A, 9V/3A, 12V/3A, 15V/3A Max.
Efficiency Rate	22%
Pmax	200W
(Vmpp) Max. Voltage Pmax	18V
(Impp) Max. Current Pmax	11.1A
Dimensions	58x54x6cm 23x21x2inch unfolded 247x58x3cm 97x 22x1inch folded
Weight	7.0kg 15.4lbs
