

KEY FEATURES JSP200

- Perfect for use while on the move
- Provides up to 200 watts of solar to keep your Jauch power banks and power station charged
- Maximum compatibility through DC, USB and USB-C outputs
- USB QC3.0 output for maximum charging speed
- High quality cells with an efficiency of 22%
- The Monocystalline solar panels can be folded and easily transported
- Made of robust, water proof and tear-resistant material
- · Including three adapters and connection cable

SPECIFICATIONS

Solar Type Monocrystalline

Outputs 1x DC: 18V/11.1A Max.

1x USB QC3.0: 5V/3A, 9V/2.5A,

12V/2A Max.

1x USB-C: 5V/3A, 9V/3A, 12V/3A,

15V/3A Max.

Efficiency Rate 22%

Pmax 200W

(Vmpp) Max. Voltage 18V

Pmax

(Impp) Max. Current 11.1A

Pmax

Dimensions 58x54x6cm | 23x21x2inch unfolded

247x58x3cm | 97x 22x1inch folded

Weight 7.0kg | 15.4lbs
