

MADE IN THE USA

Characteristics & Care

ABS Plastic/Fauxwood ABS Plastic

Material Characteristics

Designed for Long-Term, Heavy-Duty Applications

The combination of copolymers (Acrylonitrile, Butadiene, and Styrene) gives ABS an excellent combination of strength, rigidity, and toughness. The fauxwood finish is ARVINYL laminate created from a semi-rigid film.

ABS is chemical and stress-crack resistant. It is tough, dimensionally stable, and will hold up to long-term use. To ensure product longevity, fauxwood products should not be mounted in very hot or cold areas.

Our fauxwood material is engineered to have a natural grain appearance both in Cherry and Maple finishes. The two color choices provide a visually appealing, upscale option to any area.

Care and Cleaning

BOWMAN® *Signature Series* products can be cleaned with standard hospital cleaning products. Petroleum-based oils, solvents, and paints should not be used. Standard hospital cleaning supplies are approved for use on our fauxwood products.

Product Description:

- Face Mask Dispenser - Bulk - Countertop
- Holds contents of one - two boxes of earloop or tie masks
- Removable lid
- Loads from the top, dispenses from the bottom to reduce contact with masks
- Sits on desk or countertop
- Black ABS Plastic and Cherry Fauxwood ABS Plastic

Primary Area for Product Usage:

- Anywhere face masks are needed

Dispenses:

- Item(s) no larger than 9.25"W x 6.50"H x 4.55"D (24.0 cm x 16.5 cm x 11.6 cm)

Product Specifications (overall external dimensions):

- 9.45"W x 6.75"H x 4.75"D (24.0 cm x 17.1 cm x 12.1 cm)
- 1.3 lbs (0.6 kg) - approximated

Package Specifications:

- Package Quantity: 4 per case
- 16"L x 12"W x 12"H (40.6 cm x 30.5 cm x 30.5 cm)
- 8.0 lbs (3.6 kg) - approximated

Parts included:

- Dispenser

Tools Required:

- No tools required to assemble dispenser
