

## **Specification Sheet**

Part Number: 156-01641

Updated 9x17mm oval fir tree design maintains bundle orientation. Fir tree provides low insertion force with high extraction resistance, for easy assembly and reliable performance.

Disc feature prevents rattling in high-vibration applications and protects against debris ingress.

2-Piece Cable Tie/Fir Tree Mount, 8.0" Long, 9-17 mm Mounting Hole, 50lb, PA66HIRHSUV, Black, 3000/ctn

Product Description These two-piece fasteners are pre-assembled and offer a simple and

versatile method of bundling and mounting cables runing perpendicular to 9x17 oval mounting holes. The fir tree base will easily push into pre-punched holes in panels or threaded blind holes and offers a secure fit. The two-piece design enables the head of the tie to be oriented to the required position to ease assembly, while the disc on top of the fir tree covers the hole and minimizes the ingress of water and

dirt.
