

Quick Reference Guide: Connectors for Secure Digital (SD) Memory Cards

By linking assorted forms of digital equipment, the SD memory card stores digital files without requiring a computer. TE Connectivity, an Executive Board member of the SD Association (SDA) standards committee, has kept pace with developments in secure digital technology and is equipped to offer connector solutions to meet customer needs.

FEATURES AND BENEFITS

- Different connector configuration sizes: Standard and Micro
- High-Speed data transfer rate
- Designed for ease of customer use with available push/push and push/pull mating
- Manufactured to meet existing SD memory card standards
- Available in top and bottom mounting configurations

PRODUCT APPLICATIONS

- Digital Cameras and Camcorders
- Cell Phones
- MP3 Players
- Computers

QUESTIONS TO ASK AT DESIGN IN

 What is the difference between push/push and push/pull?

 ${\tt Push/Push} \ = {\tt Push\,SD\,card\,in\,to\,insert/Push\,SD\,card\,in\,to\,eject}$

Push/Pull = Push SD card in to insert/Pull SD card out to remove

Restriction on the use of Hazardous Substances (RoHS)

At TE Connectivity, we're ready to support your RoHS requirements. We've assessed more than 1.5 million end items/components for RoHS compliance, and issued new part numbers where any change was required to eliminate the restricted materials. Part numbers in this catalog are identified as:

RoHS Compliant — Part numbers in this catalog are RoHS Compliant, unless marked otherwise. These products comply with European Union Directive 2002/95/EC as amended 1 January 2006 that restricts the use of lead, mercury, cadmium, hexavalent chromium, PBB, and PBDE in certain electrical and electronic products sold into the EU as of 1 July 2006.

NOTE: For purposes of this Catalog, included within the definition of RoHS Compliant are products that are clearly "Out of Scope" of the RoHS Directive such as hand tools and other non-electrical accessories.

NOTE: Information regarding RoHS compliance is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information provided by our suppliers. This information is subject to change. For latest compliance status, refer to our website referenced at right.
