The **CC DIA 30 MC** is used for labelling hydraulic hoses, lights and indicators. M4 screws can be used for the variants with 4.2-mm holes or cables ties can also be used for mounting. 3.2-mm blind rivets can be used with the variant that is fitted with 3.5-mm holes. According to DIN V VDE V 0108 part 100 from Jan. 2010, the safety lighting (as well as the junctions and branch-offs that make up the safety lighting system) must be marked in red or green so they can be easily and clearly identified. The distributor, circuit and lamp ID numbers must be attached next to the lamps.

General ordering data

Order No.	1248520000
Type	CC DIA 30/4.2 MC NE WS
Version	Device markers, MultiCard, 30 x 30 mm, Polyamide 66, Colour: White
GTIN (EAN)	4050118038903
Qty.	60 pc(s).

Technical data
Dimensions and weights

Length	30 mm	Width	30 mm
Height	1.2 mm	Net weight	2.217 g
Diameter	30 mm		

Markings

Cadmium	No	Can be labelled with thermal transfer printers	No
Can be printed with plotter	Yes	Can be written with dot-matrix printer	No
Can be written with laser printer	No	Colour	White
Conductor O.D.		Drill-hole diameter	4.2 mm
Halogen	No	Material	Polyamide 66
Material colour according to resistance code	9	Operating temperature range, max.	100 °C
Operating temperature range, min.	-40 °C	Pin can be written (STI)	Yes
PrintJet	Yes	Silicone	No
Speed marking laser	Yes	UL 94 flammability rating	V-2

Classifications

eClass 6.2	27-14-91-29	eClass 7.1	27-14-91-29
------------	-------------	------------	-------------
