- "-R" suffix = RoHS compliant

Dimensions (mm)

conditions verified in the end application.

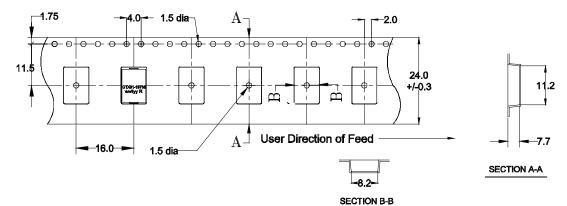

Part marking: CTX01-18738, wwllyy = Date Code, R = Revision Level All soldering surfaces must be coplanar within 0.102 millimeters. Tolerances are ± 0.1 millimeters unless stated otherwise. The DCR is measured from point "a" to point "b"

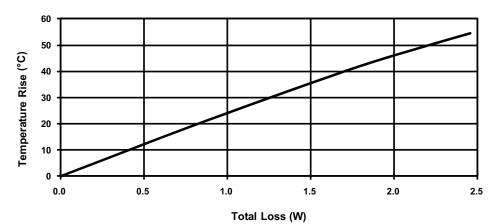

PCB layout, trace thickness and width, air-flow and proximity of other heat generating components will affect the

temperature rise. It is recommended that the temperature of the part not exceed 125°C under worst case operating
