Modular	Accepts all Mini-Com® Modules, which snap in and out for easy moves, adds and changes
Compatibility	Adapters are compatible with a variety of third-party frames and/or openings
Low profile design	Mounts flush with faceplate or opening

applications

Panduit® offers a selection of one-port adapters that accept all Mini-Com® Modules. Clipsal adapters are available in two designs, one compatible with iconic series and one with 30 series faceplates. Two additional adapters allow Mini-Com® Modules to mount to select modular furniture systems common in Australia.

These adapters can also be used in unusual areas where an additional port is required and can be attained by cutting a square opening that meets specified dimensions.

Adapters

Clipsal 30 Series & HPM:	CAFPA**-X
Clipsal Iconic:	CIFPA**-X
Australian adapter:	CMAA1^X
New Zealand:	CMNZA**-X
