## CAT6 KEYSTONE JACK 90-DEGREE 550MHZ SNAP INSERT AVAILABLE IN 2 COLORS

PART#:
S45-3690BL
S45-3690W

PRODUCT SUMMARY

Simply45 S45-3690 is designed for use in cat6 utp connectivity keystone applications such as wall plates, patch panels, surface mount boxes etc. The jack is built on a 90-degree configuration 110 idc punch down tower design. Meets or exceeds requirements for performance recognized by ansi/tia-568.2-d. Jack fits all other installed telecommunication wall plates, outlets and configurable patch panels. accommodates color codes for 568a and 568b.

Simply45 S45-3690 is the affordable approach to promote performance excellence over the life of system install. Our S45-3690 narrow housing design allows jacks to fit side by side or stackable in 1-6 port plates without clearance issues.
