

Butt Hinge 40*24mm (Pair)

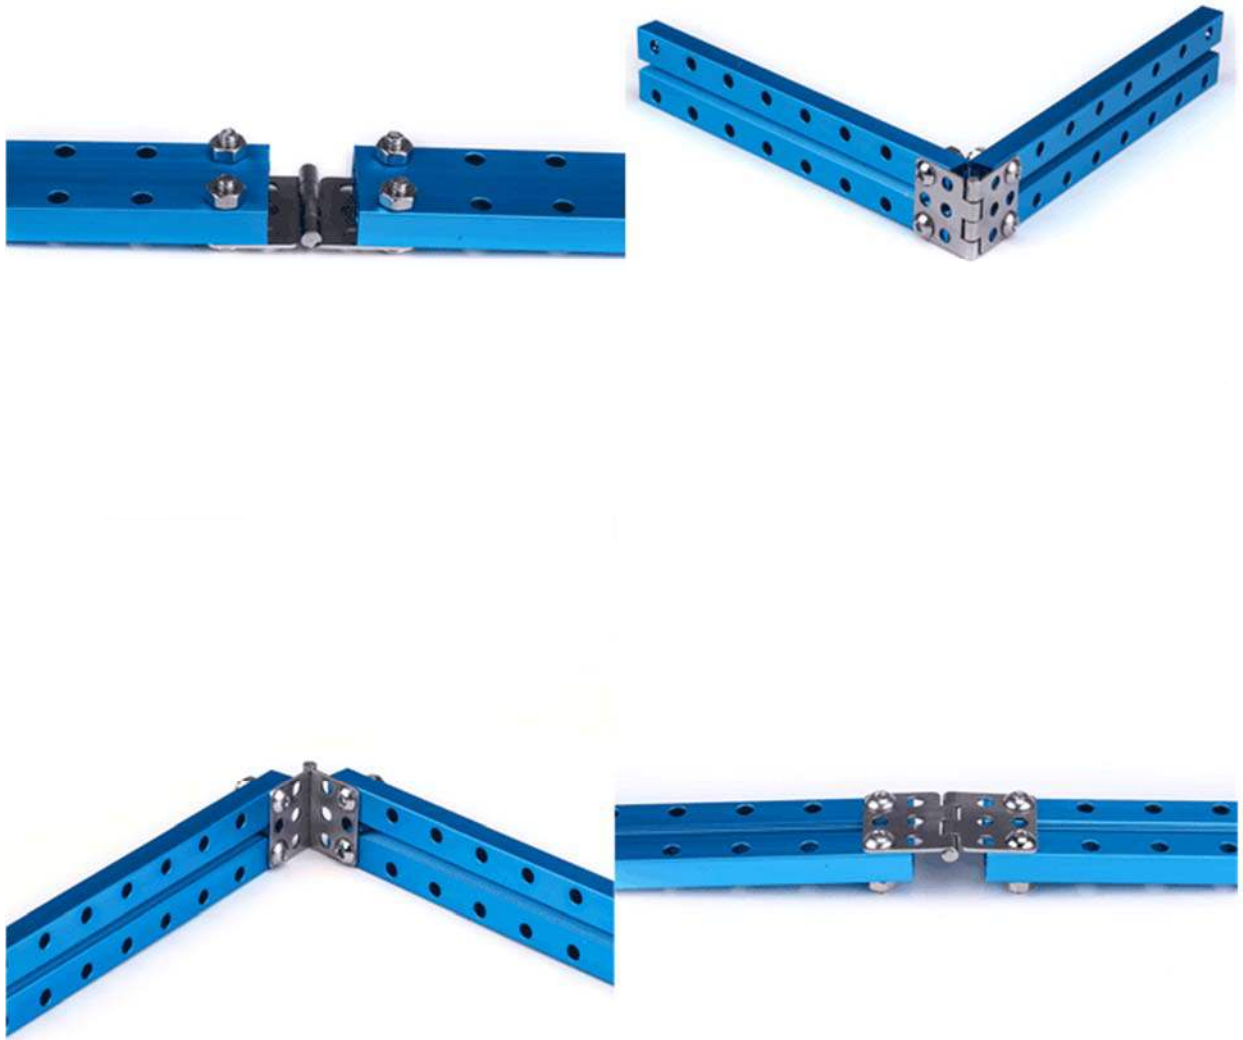

SKU: 89010 Weight: 20.00 Gram

Description :

Makeblock Butt Hinge (40 X 24mm) is a customized stainless steel butt hinge according to the features of our Makeblock platform. The small fit tolerance and revolving clearance between the shaft and the hinge guarantee a high precision of the butt hinge. It's widely used for revolute joint in DIY projects which requires high accuracy. This butt hinge is compatible with most of the parts on Makeblock platform.

Size Chart (mm):
