

Touch Control for Constant Voltage LED Lighting Fixtures PDA-DIM2A5 Dimming Module for Under Cabinet Lighting

Features

- Constant Voltage Input 8-42.4V DC
- Output Current Range 0-2.5A
- Integrate into existing LED luminaires
- <2.5mA consumed at 12V input and no load
- Dimming Resolution of 200 Steps at 300Hz
- On-board Touch Sensor
- Touch & Hold to set dimming level
- Tap On/Off
- PWM Out

Part Number

- PDA-DIM2A5-R

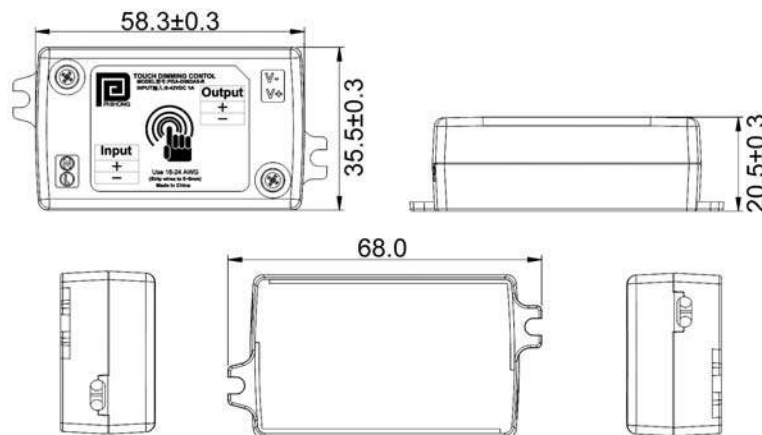

Applications

- Indoor Lighting

Safety (Preliminary)

- CE
- FCC

Dimension Diagram Unit:mm
