## SIEMENS

## Data sheet

## **US2:40IP82WG**

Non-reversing contactor, Size 3 1/2, Three phase full voltage, Contactor amp rating 115A, 3 wire (NO aux included), 190-220/220-240V 50/60Hz coil, Non-combination type, Encl NEMA type 4X 304 S-Steel, Water/dust tight noncorrosive, Extra-wide enclosure

| 12  |                                     |
|---|-------------------------------------|
| product brand name  | Class 40                            |
| design of the product   | Non-reversing contactor             |
| special product feature   | Half-size controller                |
| General technical data  |                                     |
| weight [lb]   | 48 lb                               |
| Height x Width x Depth [in]   | 26 × 13 × 8 in                      |
| touch protection against electrical shock                               | NA for enclosed products            |
| installation altitude [ft] at height above sea level maximum            | 6560 ft                             |
| ambient temperature [°F]  |                                     |
| during storage  | -22 +149 °F                         |
| during operation  | -4 +104 °F                          |
| ambient temperature   |                                     |
| during storage  | -30 +65 °C                          |
| <ul> <li>during operation</li> </ul>                                    | -20 +40 °C                          |
| country of origin   | USA                                 |
| Horsepower ratings  |                                     |
| yielded mechanical performance [hp] for 3-phase AC motor                |                                     |
| • at 200/208 V rated value  | 30 hp                               |
| • at 220/230 V rated value  | 40 hp                               |
| • at 460/480 V rated value  | 75 hp                               |
| • at 575/600 V rated value  | 75 hp                               |
| Contactor   |                                     |
| size of contactor   | Controller half size 3 1/2          |
| number of NO contacts for main contacts                                 | 3                                   |
| operating voltage for main current circuit at AC at 60 Hz maximum       | 600 V                               |
| operational current at AC at 600 V rated value                          | 115 A                               |
| mechanical service life (operating cycles) of the main contacts typical | 500000                              |
| Auxiliary contact   |                                     |
| number of NC contacts at contactor for auxiliary contacts               | 0                                   |
| number of NO contacts at contactor for auxiliary contacts               | 1                                   |
| number of total auxiliary contacts maximum                              | 7                                   |
| contact rating of auxiliary contacts of contactor according to UL       | 10A@600VAC (A600), 5A@600VDC (P600) |
| Coil  |                                     |
| type of voltage of the control supply voltage                           | AC                                  |
| control supply voltage  |                                     |
| • at AC at 50 Hz rated value  | 190 220 V                           |
| • at AC at 60 Hz rated value  | 220 240 V                           |
| holding power at AC minimum   | 14 W                                |
| apparent pick-up power of magnet coil at AC                             | 310 VA                              |

| apparent holding power of magnet coil at AC<br>operating range factor control supply voltage rated value of<br>magnet coil<br>percental drop-out voltage of magnet coil related to the input<br>voltage<br>ON-delay time<br>OFF-delay time | 26 VA<br>0.85 1.1<br>50 %<br>26 41 ms               |
|--|---|
| Voltage ON-delay time  |   |
| •  | 26 41 ms  |
| OFF-delay time   |   |
|  | 14 19 ms  |
| inclosure  |   |
| degree of protection NEMA rating of the enclosure  | NEMA 4x 304 stainless steel enclosure               |
| design of the housing  | dustproof, waterproof & resistant to corrosion      |
| lounting/wiring  |   |
| mounting position  | Vertical  |
| fastening method   | Surface mounting and installation                   |
| type of electrical connection for supply voltage line-side   | Box lug   |
| tightening torque [lbf·in] for supply  | 120 120 lbf·in                                      |
| type of connectable conductor cross-sections at line-side for AWG cables single or multi-stranded  | 1x (14 2/0 AWG)                                     |
| temperature of the conductor for supply maximum permissible  | 75 °C   |
| material of the conductor for supply   | AL or CU  |
| type of electrical connection for load-side outgoing feeder  | Box lug   |
| tightening torque [lbf·in] for load-side outgoing feeder   | 120 120 lbf·in                                      |
| type of connectable conductor cross-sections for AWG cables for load-side outgoing feeder single or multi-stranded   | 1x (14 2/0 AWG)                                     |
| temperature of the conductor for load-side outgoing feeder maximum permissible   | 75 °C   |
| material of the conductor for load-side outgoing feeder  | AL or CU  |
| type of electrical connection of magnet coil   | Screw-type terminals                                |
| tightening torque [lbf·in] at magnet coil  | 5 12 lbf·in   |
| type of connectable conductor cross-sections of magnet coil for AWG cables single or multi-stranded  | 2x (16 12 AWG)                                      |
| temperature of the conductor at magnet coil maximum permissible  | 75 °C   |
| material of the conductor at magnet coil   | CU  |
| type of electrical connection at contactor for auxiliary contacts  | Screw-type terminals                                |
| tightening torque [lbf·in] at contactor for auxiliary contacts   | 10 15 lbf·in  |
| type of connectable conductor cross-sections at contactor for AWG cables for auxiliary contacts single or multi-stranded   | 1x (12 AWG), 2x (16 14 AWG), 2x (18 16 AWG)         |
| temperature of the conductor at contactor for auxiliary contacts maximum permissible   | 75 °C   |
| material of the conductor at contactor for auxiliary contacts  | CU  |
| hort-circuit current rating  |   |
| design of the fuse link for short-circuit protection of the main<br>circuit required   | 10kA@600V (Class H or K); 100kA@600V (Class R or J) |
| design of the short-circuit trip   | Thermal magnetic circuit breaker                    |
| maximum short-circuit current breaking capacity (lcu)  |   |
| • at 240 V   | 14 A  |
| • at 480 V   | 10 A  |
| • at 600 V   | 10 A  |
| certificate of suitability   | NEMA ICS 2; UL 508; CSA 22.2, No.14                 |
