

The Jonard Tools **CC-2721** Cable Caddy is made of 7/8" diameter tubular steel and features the following:

- Sturdy steel construction with dual leg chains for increased stability and longer life
- Easy setup by just placing cable caddy on the floor, removing the cotter pin, and loading the reel
- Slip resistant rubber feet to prevent the caddy from slipping while also protecting floors from damage
- Portable and compact design to make it easy to store and move around job sites
- Able to hold cable reels weighing up to 100 lbs and measuring up to 20" diameter and 17" height
